

## NOTICE REGARDING WELLNESS PROGRAM

The **Vitality Program** is a voluntary wellness program available to Ingram associates. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve associate's health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You may also be asked to complete a biometric screening, which could include height; weight; blood pressure; cholesterol; triglycerides; glucose; HbA1c; and cotinine. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, associates who choose to participate in the wellness program and complete the necessary program activities will be eligible to receive a premium incentive.

Additional incentives may be available for associates who participate in certain health-related activities or achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Vitality Member Services at [wellness@powerofvitality.com](mailto:wellness@powerofvitality.com) or 877.224.7117.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Although the wellness program and Ingram may use aggregate information it collects to design a program based on identified health risks in the workplace, **The Vitality Group** will never disclose any of your personal information either publicly or to Ingram, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law.
